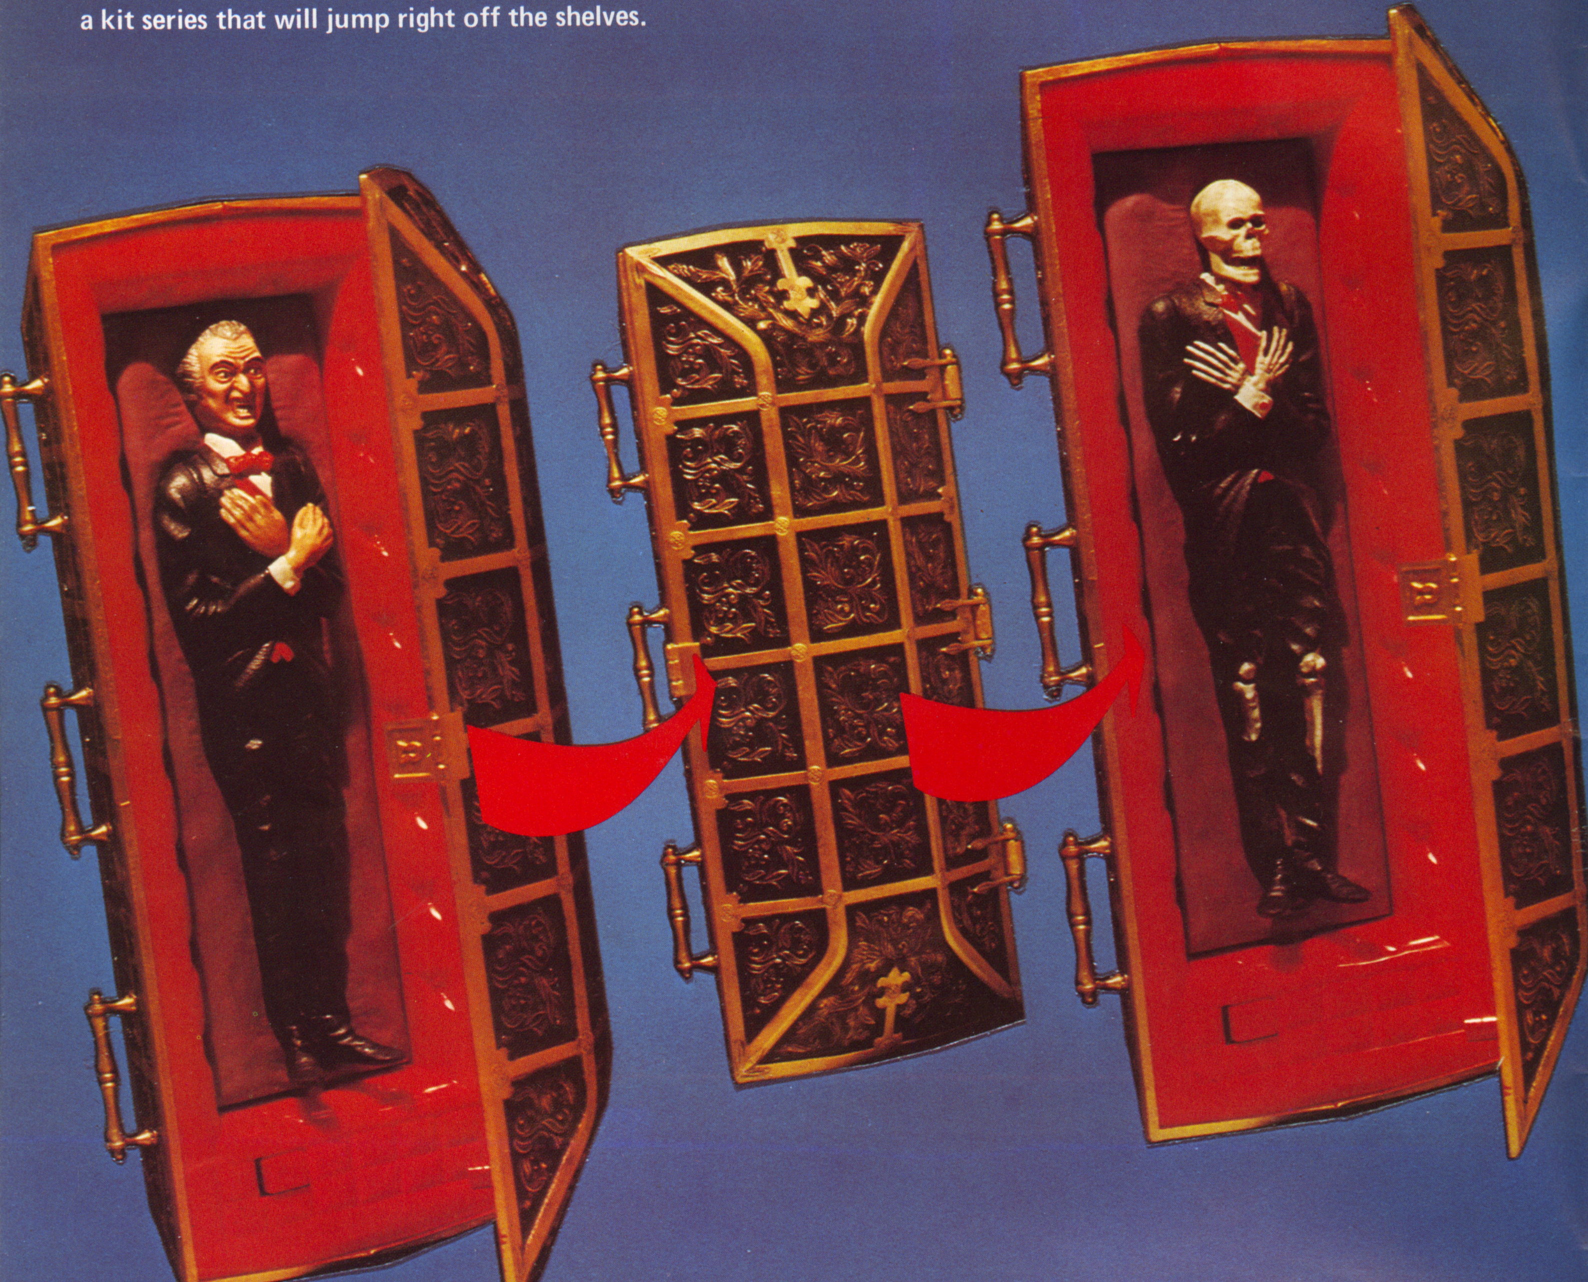
STRANGE CHANGE SERIES

What is the 'Strange Change' series?
It's a kit series of richly decorated containers with mysteriously changing contents. . .
a kit series that will be more fun to show than any other kits ever were. . .
a kit series that combines a spoof of the macabre with a hint of magic. . .
a kit series that will jump right off the shelves.



The Strange Changing VAMPIRE

Open the lid on this ornately engraved casket
and you'll find the snarling vampire leering at you.
Close it and open again and Yipes!. . .
he's changed into a harmless bag of bones.
Close and open it once again and
the vampire's back.
That's the 'Strange Change'.
The realistic casket measures 8 inches
in length. Easy to build, wild fun to show.
No. 1-0901

The Strange Changing TIME MACHINE

Open the door of the Time Machine and
there's the time traveler ready to do his thing.
What'll he find. . . riches and fame?
Close the door and open it again to
find out. . . AAAARGH!. . . what a bummer
bunch of beasts.
Quick, close the door and open
it again and he's back safe and sound.
That's the 'Strange Change'.
Capsule measures over 8 innches in
height. Easy to build, wild fun to show.
No. 1-0903

The Strange Changing
MUMMY

Open the finely sculptured mummy case and you'll find ol' pharoh resting peacefully. Close it and open again. . . WILD. . . now he's doing everything but coming out of the case. Quick, close it. . . when you open it again everything will be cool.

That's the 'Strange Change'.

The mummy case measures over 7 inches in length.

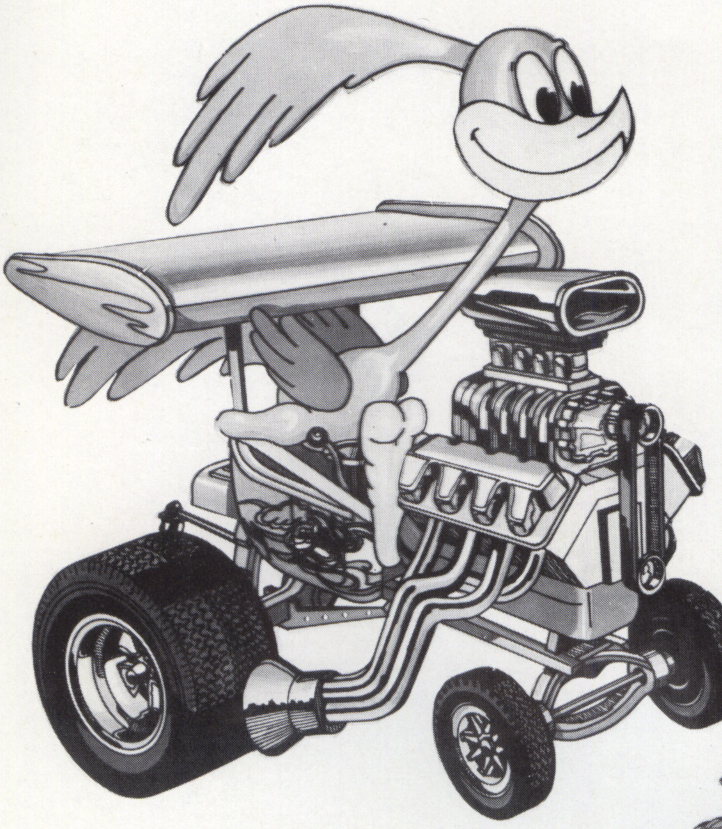
SNAP-IT™

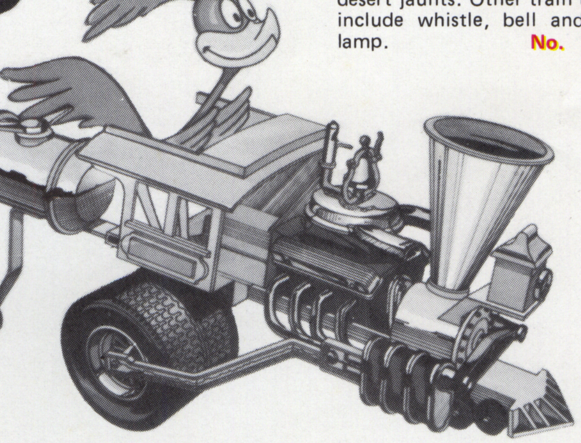


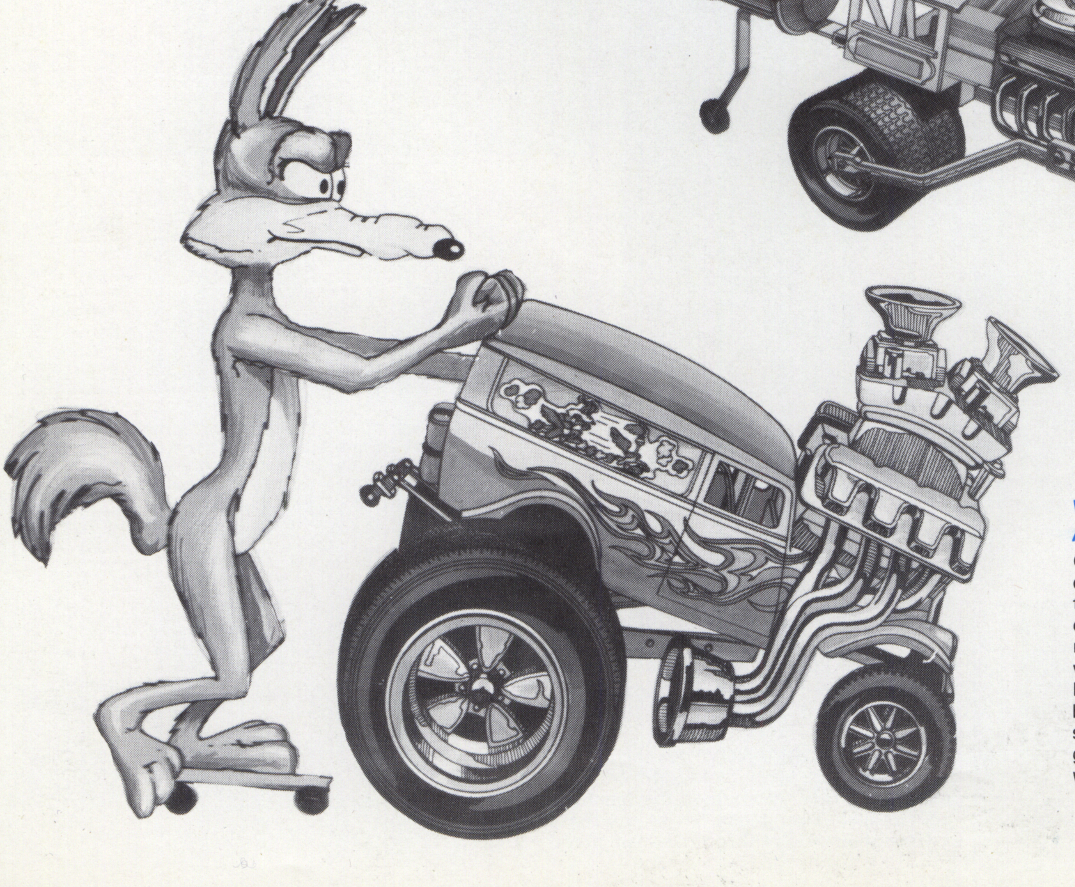
ROAD RUNNER AND THE BEEP BEEP "T"

Road Runner . . . star of TV, comics, cartoons and muscle cars! The feathered rapid transit system is comfortably ensconced in a "T" of tremendous proportions. A tiny bucket but monstrous blown engine with headers and giant tires on plated mags. The wily bird himself features adjustable head and wings and can be built separate from the car. The kit is all Snap-Fit . . . no glue needed. **No. 1-2650**

ROAD RUNNER AND HIS RAIL RIDER

Beep! Beep! Clear the tracks . . . here comes the Road Runner thundering along in his Rail Rider, an antique styled locomotive powered by a giant V-8 sucking air through a huge smokestack blower. Super wide Indy tires puts all the power down and there's a monster fuel tank for those extra long desert jaunts. Other train touches include whistle, bell and headlamp. **No. 1-2652**





WILE E. COYOTE AND THE WILE E. WILLYS

One word that is not in Wile E.'s colorful vocabulary is "quit". Here the crafty quadruped takes up the chase in a tasty Willys topped by a monster engine with headers and velocity stacks. The potent van hauls the coyote on his skateboard. Other features of these snap-fit, snap-together kits include giant tires, plated mag wheels and wheelie bars. **No. 1-2651**

SUPER HISTORAMA SERIES

TANK BATTLE AT EL ALAMEIN

The three great turning points of World War II were Stalingrad, Midway and El Alamein. This MPC Super Historama depicts the German armor of General Rommel engaging the British armor of General Montgomery. The Allied victory here secured the Middle East oil fields and thwarted German hopes for linking Rommel's forces with German armies on the Russian front.
